

# ***US ARMY FINANCIAL MANAGEMENT COMMAND***

---

## **U.S. Army GFEBS Line of Accounting**

United States Army Financial Management Command  
(USAFMCOM)  
Operational Support Team (OST)

# Action, Conditions & Standards

---

- # **ACTION:** accurately interpret and properly utilize the U.S. Army GFEBS Line of Accounting
- # **CONDITION:** perform the above task given access to updated copies of DFAS 37-100 and a complete U.S. Army GFEBS Line of Accounting.
- # **STANDARD:** identify the U.S. Army GFEBS Line of Accounting elements and their purpose. Identify what these elements tell about the financial transaction and utilize the lines of accounting to record and report expenditures in GFEBS and other applicable systems

# Purpose of the GFEBS LoA

The GFEBS Line of Accounting, commonly known as the SFIS (Standard Financial Information Structure), is an adopted system designed to identify U.S. Army financial transactions through the use of a series of alphabetical and numerical symbols. The use of Lines of Accounting, rather than words and phrases, in recording financial transactions saves both time and space. 

This system precludes the misinterpretation of data through the use of standard transaction definitions. It also facilitates the automation of financial records and reports in GFEBS (General Fund Enterprise Business System). The GFEBS Line of Accounting will completely replace the legacy Line of Accounting code in the near future.

# ELEMENTS OF THE GFEBs LoA

**NOTE:** *Links to the discussed of DFAS-IN 37-100 and Army Funds Management Data Reference Guide are located throughout the presentation*

# Department Code

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

identifies the military department or government entity receiving the appropriation. (Four digits will be shown when one department is “giving” funds directly to another.) GFEBS requires a three digit code, therefore a zero will precede the Department Code.

**17** Department of the Navy, General Funds  
(also Marines)

**20** Department of the Treasury  
**21** Department of the Army, General

**57** Department of the Air Force,

**96** U.S. Army Corps of Engineers (Civil

**97** Office of the Secretary of Defense  
(DoD)

**NOTE:** the U.S. Army is the only branch currently utilizing GFEBS.

# Fund Master Data Element

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

The Fund Master Data Element code (commonly referred to as “Fund”) consists of 10 characters (the 10<sup>th</sup> is unused) in the line of accounting. It is a separate and distinct fiscal/accounting object containing a self-balancing set of accounts used to budget and control costs as well as to identify source and use of funding. It consists of 5 critical

- 202** Appropriation Symbol (*positions 1-4*)
- 0** Years of Availability (Years) (*position 5*)
- 1** Supplemental Appropriation ID (*position 6*)
- 0** Fund Group Designator (*position 7*)
- D** Fiscal year of issue (*positions 8-9*)
- 1**
- 5**

**NOTE:** Explanations for each element follows in the next 5 slides

# Fund (Cont'd)- Appropriation Symbol

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

An appropriation is an authorization, by an Act of Congress, to make payments out of the Treasury for specified purposes. These four digits of the “Fund” indicate the Treasury Fund Group to which the accounting classification applies. The digits identify the type of funds or major purpose of the appropriation (the “Color of the money”).

## Examples:

**2010** Military personnel  A0-2010:  
**2020** Operations and Maintenance,

Army (OMA)

 A0-2020:

**2035** Other procurement  A0-2035:  
**2040** Research, Development, Test and  
Evaluation (RDT&E)

 A0-2040:

**2050** Military Construction  A0-2050

**2091** Afghanistan Security Force  A0-2091: **100**

# Fund (Cont'd)- Years of Availability

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

This element represents the amount of Fiscal Years this appropriation is available for the obligation of funds. The amount of years vary based on the Appropriation Symbol and purpose of the funds.

## Examples

<u>Appropriation Symbol</u>	<u>Typical Years of Availability:</u>
2010 Military	1 Year
2020 Personnel & Army	1 Year
2035 Other Procurement,	3 Years
2040	5 Years
2050 E	5 Years
2053 Joint IED Defeat Fund	1 Year

# Fund (Cont'd)- Supplemental ID Appropriation

---

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

This code identifies the number of congressionally awarded supplements that have been added to the “Base Appropriation” of funds. A “0” (zero) in this field indicates that this is the “Base Appropriation” and that no supplemental funds have been added to this it.

# Fund (Cont'd)- Fund Group Designator

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

This code indicates how this appropriation affects a particular Budget. The code will indicate if the appropriation affects one's budget directly or if the money utilized will be reimbursed to the managing Budget Activity.

## Codes:

**D** Direct Funds

**F** Reimbursable Funded (FRA)

**A** Reimbursable Automatic (ARA)

**T** Trust Fund

**R** Receipt Account and Deposit Funds

**C** Clearing Account

**Z** Non-Reportable

# Fund (Cont'd)- Fiscal Year of issue

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

This element identifies the Fiscal Year of issue applicable to the appropriation or fund being described by the Line of Accounting. The Fiscal year is considered a "critical" accounting classification element and is never left blank as a default value, even for accounts without fiscal year applicability such as receipt, deposit, or clearing accounts or no-year budget execution appropriations/funds.

The "15" in this line indicates these appropriated funds were issued on Fiscal year 2015 (1 October 2014).

# Fund Center

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

The Fund Center contains information about specific organizational elements within the Army that are authorized to receive, distribute, and manage funds. Also referred to as Budget Objects, Fund Centers manage and distribute funds for the costs incurred. Funds Center is a 1- to 11-character data element. The Funds Center structure is hierarchical from the top, with “A” for Army at Level 1 to level 3 or 4. In legacy terms, this element was the Operating Agency (OA) or, in most cases, the Activity Office.

Funding  
Hierarchy

**A** Appropriation Sponsor (A Always Army)

**76** Operating Agency (OA) (FORSCOM)

**C** Region

**C** Installation - (Fort Bragg)

# Fund Center Examples (Deployed)

<b>A8AAA</b>	ARCENT (U.S. Army Central Command)
<b>A8AAB</b>	CSTS-A (Combined Security Transition Command - Afghanistan)
<b>A8AAC</b>	USFOR-A (United States Forces - Afghanistan)
<b>A8AAD</b>	ASG-KU (Area Support Group Command - Kuwait)
<b>A8AAE</b>	ASG-QA (Area Support Group Command - Qatar)
<b>A8AAG</b>	CFLCC (Combined Force Land Component Command)

**NOTE:** Notice all fall under Operating Agency "8A" (Third Army)

# Functional Area

021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001

The Functional Area is a Funds Management budget object defined as a funds control element as well as an element to capture execution data. All funds are distributed to the highest level Functional Area, for example the Army, and then are further distributed to specific Functional Areas for fund execution. The data element can consist of up to 16 characters; however, not every character is used. Its format and length depend on the Appropriation Symbol. It consists of the following elements:

# Commitment Item/Cost Element

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

Commitment Item (CI) is the data element that defines the initial use of the executed funds. It is an eight-digit code that is composed of the United States Standard General Ledger (USSGL) code and the Commitment Item (CI) that represents the nature and physical characteristics of the expenditure. The CI replaces the EoR (Element of Resource) in the Legacy Line of Accounting.

GFEBS utilizes “Material Group” codes to identify and record Commitment Items and their respective G/L Code. These derive from the Office of Management and Budget (OMB) Object Class guidelines (Circular A-11, Section 83).

<http://>

[www.whitehouse.gov/omb/circulars\\_a11\\_current\\_year\\_a11\\_toc](http://www.whitehouse.gov/omb/circulars_a11_current_year_a11_toc)

	31CA	310A	6100.310A	310A	6100.310A	OpEx/Pgm Costs-General Equipment, Expense
	31EA	310A	6100.310A	310A	6100.310A	OpEx/Pgm Costs-General Equipment, Expense

The highlighted fields indicate data required by GFEBS to process and record transactions against the appropriate OMB Object Class and G/L Code.

**Note:** There are many more Commitment Objects and OMB Object Classes. Only

# Funded Program or Cost Object

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

This Code is used to control spending related to Work orders and Projects. Initially, funds will be distributed in stages at the generic Funded Program “ARMY” until a work order or project has been identified. Once the work order or project is created, the Funded program will change from “ARMY” to the Work Order or Project Number and the funds will be distributed to the create Work order or Project.

# GFEBS Assigned Document Reference Number

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

This number is generated by GFEBS to track each expenditure transaction from the first stage of Commitment through the final stage of disbursement of funds. This number is composed of 9 characters and is unique to each transaction. The number is not assigned until the Purchase Request (PR) transaction is posted in GFEBS.

An example of a GFEBS generated number is 10207730. These are called Purchase Request (PR) numbers in GFEBS.

# Cost Center

021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001

Cost Centers are cost objects in the Controlling Area of GFEBS that reflect an organization's command and control structure where costs are incurred. The organizational unit can be defined based on functional requirements, allocation criteria, physical location, or responsibility for costs. Cost Centers represent the organization's hierarchical structure found in its Table of Distribution and Allowance (TDA) or Table of Organization and Equipment (TO&E). Cost Center codes replaced Unit Identification Codes (UIC) and may be up to 10 digits long.

**Fund**  
**Center**  
**Cost**  
**Center**  
Note that the first four digits of the Cost Center are the same as the first four digits of the Funds Center.

**NOTE:** GCSS-Army (Global Combat Support System) and other Organizations are yet to adopt this Cost Center format. This will make it difficult to identify who the Cost Center belongs to.

# Fiscal Station Number (FSN)

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

The Fiscal Station Number (FSN) is a five digit code which is sometimes preceded by the letter “S”. It identifies the Agency that is responsible for maintaining the detailed accounting records for the allotment of funds. FSNs are used by the Department of the Army in appropriation and fund accounting and accounting for Disbursing Officer transactions. The Fiscal Station Number (FSN) assigned to all GFEBS transactions is 021001. Any other FSN indicates a “legacy” transaction.

# Check on Learning

**021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001**

- 1. Who does the Department Code identify? Where is it located above?**  
Identifies the military department or government entity receiving the appropriation (Army).
- 2. What is the purpose of the Fiscal Station Number (FSN)? Where is it located above?**  
It identifies the agency responsible for maintaining the detailed accounting records for the allotment of funds.
- 3. In what GFEBS LoA element is the Appropriation Code Located, what is its purpose and where is it located above?**  
It is located in the “Fund” element and it identifies the “color of the money”.
- 4. What is the purpose of the Commitment Item? Where is it located above?**  
It identifies the nature or the physical characteristics of the expenditure.
- 5. Who does the “Fund Center” identify? Where is it located above?**  
Identifies the organization within the Army authorized to receive, distribute, and manage funds.
- 6. In what Fiscal Year was this appropriation issued? Where is it located above?**  
It was issued Fiscal Year 15 (2015).

# Check on Learning

021 202010D15 A76CC 131096QLOG 6100.260B ARMY GFEBS-DRN 76CCMSE S21001

**7. What did the “Cost Center” replace? Where is it located above?**

It replaced the Unit Identification Code (UIC).

**8. What two elements compose the “Functional Area” element? Where**

**are they located above?** Program Element (PE) and Management Decision Package (MDEP).

**9. Is the money in this appropriation Reimbursable or Direct? Where above does it tell you?**

It is Direct Funding.

**10. How many Fiscal Years is this Line of Accounting available for obligation? Where above does it tell you?**

One year.

**11. What Financial Management System utilizes this Lines of Accounting format?**

General Fund Enterprise Business System (GFEBS)
